

Benefits Summary

EUTF-informedRx PPO Prescription Drug Plan Active Employees Non-Medicare Eligible Retirees

informedRx

informedRx (formerly known as NMHC or National Medical Health Card) administers the EUTF Prescription Drug Plan. If you are a participant in one of the EUTF PPO medical plan options, informedRx serves as your pharmacy benefit manager. The following is a brief summary of the benefits available to you through informedRx. Please refer to the Guide to Benefits for more detailed information regarding this Plan.

Plan Overview

The EUTF-informedRx Prescription Drug Plan features a 4-tier prescription benefit. informedRx evaluates current medical literature and research to select a wide range of safe and effective drugs for placement in our formulary. Drugs on the formulary are organized into different drug tiers or groups of different drug types. Your co-insurance or co-payment depends on which drug tier your drug is in. Coverage is available for prescription drugs, insulin, diabetic supplies, and contraceptives, but only when:

- Obtained by prescription, and
- Dispensed by a licensed pharmacy.

Prescription Co-Payments

Participant cost share or co-payment applies to most covered prescription drug services and is either a fixed dollar amount, a percentage of the eligible charge, or in some cases, a combination of both. Benefits for prescription drugs vary depending on whether the drug is a Generic Drug, a Preferred Brand Name Drug, a Non-Preferred Brand Name Drug, or a Specialty Drug. Benefit levels also vary depending on whether you use a participating or non-participating pharmacy provider. Co-payments for prescription drugs are listed in the following table*.

Drugs Purchased at a Retail Pharmacy 30-day supply	Participating	Non-Participating**
Generic	\$5	\$5 plus 20%
Preferred Brand	\$15	\$15 plus 20%
Non-Preferred Brand	\$30	\$30 plus 20%
Specialty Drug*** (via Ascend SpecialtyRx)	20%	Not Covered

Mail Order Drugs 90-day supply	informedMail	Non-Participating
Generic	\$10	Not Covered
Preferred Brand	\$35	Not Covered
Non-Preferred Brand	\$60	Not Covered
Specialty Drug*** (via Ascend SpecialtyRx)	20%	Not Covered

*This table does not apply to those drugs that are subject to the Reference-Based Pricing Program. **In addition to the co-payment noted in the table, you will also be responsible for any charges exceeding the EUTF's Eligible Charge. ***All Tier 4 specialty drugs will have a \$250 co-payment maximum per fill and a \$2,000 out-of-pocket maximum per plan year.

Obtaining Prescriptions

Depending on the type of medication(s) you are prescribed, you may get your prescription(s) filled through:

1. Your local, retail pharmacy
2. informedMail (Prescription Mail Order Service)
3. Ascend SpecialtyRx (Specialty Prescription Mail Order Service)

1. *Local Retail Pharmacy*: The Plan allows you to receive up to a 30-day supply of prescription medication at an informedRx participating pharmacy. Simply present your existing EUTF-informedRx prescription ID card along with your prescription to a participating pharmacy. If you go to a participating pharmacy, you will pay only your co-payment amount. There are no claim forms to complete. If you currently have an existing EUTF-NMHC prescription ID card, there are no immediate changes to your prescription ID card. Please continue to present your prescription ID card to your local retail pharmacy.

informedRx currently has many participating pharmacies in Hawaii and over 57,000 pharmacies throughout the mainland in our national pharmacy network. All major chain pharmacies in Hawaii and on the mainland are included as well as many independent pharmacies. If you choose to go to a non-participating pharmacy, you must pay for the prescription in full and file a claim with informedRx for reimbursement. You will be responsible for the co-payments outlined here plus any charges exceeding EUTF's payment of 80% of Eligible Charge.

2. *informedMail (Prescription Mail Order Service)*: The EUTF-informedRx Prescription Drug Plan requires participants to obtain maintenance medications through informedMail. informedMail offers a convenient and cost effective way to obtain up to a 90-day supply of maintenance medication through the mail. Maintenance drugs are those drugs taken for an ongoing or chronic condition such as high blood pressure, heart disease or thyroid condition.

Medications are shipped First Class Mail right to your door. Simply complete an informedMail *Enrollment/Order Form* and include your original written 90-day prescription along with the applicable co-payment in the envelope provided.

3. *Ascend SpecialtyRx (Specialty Prescription Mail Order Service)*: Specialty medications are high-cost oral medications used to treat cancer or prevent organ rejections after transplant, or self-administered injectables used to treat diseases like Rheumatoid Arthritis, Multiple Sclerosis, Hepatitis-C Virus, Crohn's Disease, and others. The Plan provides coverage and management of specialty drugs through Ascend SpecialtyRx. Ascend SpecialtyRx uses evidence-based care plans and medication management outreach programs to help participants use these complex medications properly. If you are prescribed this type of medication, a Care Coordinator will contact you to enroll in the Specialty Medication Therapy Management Program. You may also contact Ascend SpecialtyRx toll-free at 1-800-850-9122.

Medications are shipped through experienced overnight carriers, such as UPS. If your medication requires special handling or refrigeration, it will be packed and shipped accordingly. There is no extra cost for shipping or handling.
